

Unit 02 — Ground — screening, contracting, scope

Weeks 3-4 · Foundational level

Duration	Weeks 3-4
Level	Foundational level
Delivery	Online study, one live lab each week, small-group practice
Assessment	Written work reviewed by Prof. Oprea; unit 08 adds the case study and oral assessment
Tuition	Included in the programme tuition of \$1,799 — or 6 monthly instalments of \$300
Cohort size	Small groups, so every session gets attention

Overview

The clinical and ethical foundations of the first phase: who this work suits, what is agreed in writing, and when to refer on.

Learning objectives

- Apply a screening procedure
- Draft compliant intake and consent documentation
- Identify presentations that fall outside your scope

Prerequisites

- Enrolment in a current cohort
- Unit 01 — Foundations of the method, including its written work

Core concepts

Informed consent · scope of practice · professional boundaries · referral

Applied component

Write your own intake and consent forms. I review them line by line.

Founded and taught by Prof. Catalina A. Oprea. The Certificate of Completion is issued by Hermes University Rome and signed by Prof. Oprea. It is a private professional certificate: it is not a government licence and does not replace any registration you need locally in order to practise. Questions: support@thekuremethod.com
